前書きとか

Hello,nice to meet you, I'm Hannama
It's Mayushii this time
Mayushii that can't be saved in any case.
To say it's a good girl who can also understand a tense situation.
So I wrote a story about becoming together
with Hikoboshi-sama (legend of Orihime and Hikoboshi
Supposed to live on the both side of the milky way,
they're supposed to be able to meet only once per year, during Tanabata.
Well I only draw kinky stuff but
So, since there are some spoilers,
it's better if you could read it after playing the game.

And since it's a good occasion, I put up the rough copy of the title page.
Since it didn't look like Mayushii, I drew an Uupa to make it look like Mayushi
So it's a title-page that can't fool anyone.

OKARIN SINCE MAYUSHII IS OKARIN'S HOSTAGE
OKARIN COULD DO WHATEVER HE WANTS TO HER, RIGHT?
